ABOUT BMP

B Morrow Productions (BMP) is a creative and production firm. Representing a new methodology of how creative work is developed- in a very collaborative approach between- clients and the talents of BMP. Considered an entrepreneurial, fast pace and creatively driven studio BMP offers considerable room for personal and professional growth for studio talent (we do not use terms like employees and team members...you are the talent). With clients around the globe in various market sectors including theme parks, zoos, live entertainment, resorts and educational experiences the BMP team always has a wide variety of projects to dive into providing growth and ownership into project development.

BMP was founded on the belief of creating a safe, equal and creative space for creators and makers. We believe in an inclusionary group of talents will not only create better for our clients but represent the full audience we are designing for. IDEA (inclusion, diversity, equality, and accessibility) are our design beliefs not only for our clients but for our studio. At BMP your complete, unique and wonderfully talented whole self can come to the studio each day, or sometimes work at home, to create and make amazing spaces and experiences.

BMP is also uniquely a 100% LGBTQ+ owned and operated business as certified by the NGLCC.

YOUR ROLE

As the **Graphic Designer**, you will be developing environmental graphics, information design presentations, signage, and other visual aids for projects assigned inside the BMP Design Studio. You will be an integral part of the BMP Design team in the development of new concepts in the themed entertainment and resort industry. You will report to the Senior Creative Manager.

You will support the BMP Design Studio through ideation, illustration, and implementation of graphic design concepts.

- To ideate, you will work independently as a graphic designer and as part of a larger design team consisting of the project Producer(s), Art Studio and Production Design teams. You will develop environmental graphic design concepts via research decks,

moodboards, and concept illustrations. You will also generate presentation templates for project creative update presentations and work with the design and production team to place and update presentation visuals throughout various project phases. You may meet with and assist in the presentation of design concepts to clients and take part in internal and external workshops and charrettes.

- To illustrate, you will develop project show graphics, wayfinding signage, information graphics, and other graphic assets. You will produce graphic design sketches, and after concept approval, you will generate graphic designs in multiple styles as project creative direction dictates. You will follow BMP file organization systems and naming conventions and update project task lists to ensure projects are on schedule.
- To implement, you will work with the Production Design team and the BMP Production Studio to turn graphic designs into reality. You will produce documentation packages containing color, material, and finish selection. You will generate print ready art files and provide notes and feedback on proofs and test prints as requested. You will work with the BMP Production team to take measurements for props and signage for sizing and accuracy. You may assist the BMP Production Studio in the preparation, fabrication, and assembly of props and show sets with the Show Set Specialist team. You may also be on site for project installation, working alongside the BMP Production Studio to ensure quality and to achieve the overall project design intent.

RESPONSIBILITIES

- Serve as a graphic designer on external client projects and internal BMP projects as assigned.
- Participate in creative workshops and blue-sky charrettes.
